

## Trustee Pledge

### Meeting Code of Conduct

Governance excellence is the life blood of a high-quality hospital board of directors. It is vital that each board member take their responsibilities seriously and pledge their best efforts to follow this code of conduct.

In pursuit of governance excellence, I pledge to:

- A. Refrain from micromanagement and focus on strategic leadership and policy, not on administrative and operational detail. I will respect distinctions between board and staff roles and will manage any overlap between the respective roles in a spirit of collegiality and partnership that supports the authority of staff and maintains the proper lines of accountability. I will not discuss operational concerns or issues with employees or medical staff members without the knowledge of the CEO.
- B. Attend board and committee meetings regularly and come prepared to fully discuss and deliberate all matters important to the business of the board.
- C. Listen carefully to my fellow board members and be willing to consider all points of view during board discussions.
- D. Share my point of view, do not dominate discussions, be respectful and courteous in debate, but do not shy away from difficult or contentious issues.
- E. Fully support the decisions of the majority once a decision has been reached, even if I am in the minority.
- F. Be inquisitive and ask any questions important to the discussions at hand. Strive to push the organization to continuous growth and excellence. Challenge the status quo.
- G. Keep board discussions and decisions confidential, unless directed to solicit community feedback on specific topics of interest to the board and/or are a matter of public record.
- H. Take all opportunities to be a good ambassador for the hospital and advocate on behalf of the hospital in matters of important public policy issues that would advance the mission of the hospital.
- I. Be a continuous learner and look for opportunities to stay abreast of current topics and trends in healthcare delivery and policy.
- J. Follow the conflict of interest policies and practices of the hospital.
- K. Conduct myself in an ethical, moral and legal manner at all times.
- L. Celebrate the joy of caring and the role I play in the mission of the hospital!
